Winter 2010

Newsletter #2!

Well we got through week 1 with only slight injuries, mostly of the hand and pride variety, so I think most of use expected that to be honest with you.

I think if there's something we're all learning is that dodgeball requires a whole different cardio and work out regimen, and should anyone figure out what that is, let me know! I bet we could market the hell out of that!

Anyway, enjoy this week's Morning After as we're getting more columns in there, and who knows, maybe we'll have some photos next week!

This Week's Game Recaps

Uncle Jesse's Balls Dodgeball Recap

by *Lindsey Whyte*

Once upon a time there was a young princess who dreamed of putting together the greatest dodgeball team in all the land but she didn't know where to start. She called on her friend *Sir Damien* to help her bring together the best kickballers, teachers, engineers, and bartenders from around the kingdom of Bethesda to join in her conquest.

Princess Lindsey and *Sir Damien* named the team **Uncle Jesse's Balls** after their favorite rock band Uncle Jesse and the Rippers. The team planned to

rejoice after each win by singing "Forever" and to always celebrate wins with a pitcher or two or three or four of beer.

The only thing that stood in **Uncle Jesse's** way this week from complete world domination was the evil dragon **Throwbo Cop**. **Throwbo Cop** threw balls of fire but could not be matched with **Uncle Jesse's** speed, agility, and teamwork!

With 9 guys and 6 ladies rotating games, **Uncle Jesse** quickly wore out the dragon **Throwbo Cop** and left them for easy picking. With fast hands, quick feet, and some insane diving catches, **Uncle Jesse** was able to slay **Throwbo Cop** to prove that **Uncle Jesse** is a force to be reckoned with this season.

At the bar we were able to come together and reflect... shall it be warm pitchers of Miller Light or cold pitchers of Yuengling ... *Anthony* stepped in to clarify that the warm foamy beer would not do.

Princess Lindsey, Sir Damien, Matt, Anthony, Bonnie, Krista, Owens, George, Karen, and Sasha, discussed many pressing matters, election statistics, photo recaps, how many times *Sasha* could honk his horn on the way over to the bar, kindergarten students, and how individuals on **Uncle Jesse** would like to challenge *Lindsey* for her beer chugging title earned at Beer Olympics '09. I guess to make it official we have to wait until Beer Olympics '10 right?

With the dragon gone and the kingdom protected by **Uncle Jesse** we can all rest knowing we are in good hands.

Stay tuned next week for...
Punxsutawney Phil: The World's Best or Worst Forecaster?

Final Score: **Uncle Jesse 8—Throwbo Cop 4**

This Week's Game Recaps

We got Served!

by **Chris B**

Well week 1 is in the books and we've got some learning to do about this whole dodgeball thing, I mean who came up with this anyway? What individual thought this would be a fun game to play? I'm blaming Leno, mostly because he is to blame for everything!
Free Coco!!!

Anyway, let's be honest, you're not hear me ramble about how great Conan is and how awful Leno is, you can just turn on your tv and see that. Or how the real brett favre finally showed himself on Sunday, again, been there done that. Thanks for the INT brett, locked down \$20 on that, and I thank you!

Onto the game, the matter at hand. Like the original Robocop, the Throwboppers have some kinks to work out and get better, and by not winning our first game, we did learn a few things, things that will be put in place, maybe in a season or two, because come on, you can't just change horses in mid stream, right?!

Ok, to the game itself, we won four matches and then lost eight, so if we were a hitter in baseball, we would be a hall of famer, as a dodgeball team, it was just not our night. I have to blame John Stamos and the Beach Boys for this. Go play percussion somewhere else Ex Romijn Stamos person. Oh and Bob Saget has to be blamed for that show and Dave Coulier, good lord how that thing stayed on for as long as it did, I have no idea.

In the end we were not the winners, but there is hope and talk of a potential "lineup" whatever the hell that thing is. We may try it, you never know, it could work!

Until next week, here's a pic of **Marty's** busted finger...stupid nerf balls!

Final Score: **Throwbo Cop 4—Uncle Jesse's Balls 8**

This Week's Game Recaps

A short Recap

by *Jason Yang*

- *Amelia* made the sickest catch when the ball bounced off her and she dove headfirst to catch the rebound with a fingertip catch just before it hit the ground.
- Whose body doesn't hurt much more than expected from dodgeball?
- *Bobby* pegged a girl in the chest.

Final Score: **Balls of Steel 6—Tropic Thunder 7**

Another Short Recap

The Word from Deon, God of Dodgeball

What are the odds that a guy named James Cameron would direct "Titanic," the highest grossing movie ever, and another guy named James Cameron would direct "Avatar," the second highest grossing movie ever?

The odds must be astronomical. I am rooting for Avatar. I don't want Titanic in first place. The longest year I ever spent was that three hours in a theater watching Titanic. And I totally didn't cry in the end. Whatever. What's that you say? You're the only person alive who hasn't seen Titanic? Maybe you're like 4 or something. I don't know. Anyway, guess what? The boat sinks. It sinks. It sinks. IT SINKS! You know its going to sink, going in to the movie. And there's that wispy guy in it and the chick. And the guy is so thin, if they got it on, the broad would definitely break him in half. But he doesn't want to get it on. He wants to draw her. Bullsh*t. You don't want to draw her. Stick it in her ear or something. I dunno. She took off her clothes so you could "draw her." She's definitely going to let you slip it to her. Drawing her is sort of creepy. Who does that? I am going

to start doing that. I'm going to tell some hot woman that I want to draw her and we're going to go back to my pad and she's going to take off her clothes and I'm going to find my spiral notebook and draw a stick figure and then I'm going to spend the next 90 seconds taking her to Pleasure Town and then I am going to take a nap.

Anyway, I guess they sleep together in the back of a car later. Which is sort of weird, because the car is on the boat. I'M ON A BOAT!! HAHAHAHA!! So, that kills 2 birds with one stone, right? You've done it in a car and ON A BOAT!! at the same time. What is the "club" for doing it on a boat? You know, like the Mile High Club. Maybe the Anchors Away Club or something. You could do the same thing in a plane, like, if the plane were flying a car somewhere, and you did it in the car while the plane was in the air. Oooh, what if you were in the military and you were in a plane that was carrying a tank and you had sex in the tank. That would be hot.

So, the boat sinks, shocker, and there is some sappy scene where they are floating around and there is clearly other crap floating around that the skinny guy could grab on to, but he'd rather hang out in the drink so he doesn't leave the broad. Which is nice, I suppose, but I am guessing she'd rather have him float away on some crate and survive than hold hands with her until he turns in to a popsicle. But I'm desperately rooting for him to die at this point anyway. I want the Jaws music to start playing and then I want the shark to bite him in half but he's so numb from the cold he can't tell and then he pulls himself out of the water and the chick points at his legs and says "You ain't got no legs" just like in Forrest Gump. Tell me that wouldn't be sweet. And why doesn't she sell that necklace? Maybe you wouldn't be living alone in a crappy retirement home if you had sold the necklace. Is she living in a retirement home? I can't remember. But wherever she was living would have been nicer if she had sold the necklace, and not, you know, just dropped in the water or something for no reason.

That's right, I just wrote a column about 'Titanic'! A movie that is 13 years old! Why? Because I am Deon and I can do what I want! And if things go accordingly, next week I will be writing about what it's like to have sex in tank that's in an airplane and figuring out what to call the club for people who have done it in a tank that's in an airplane.

That, or I'll tell you what I thought about Fried Green Tomatoes or something.

Hangover's suck!

What happened to the good old days when i could drink for a night, pass out in a bathtub, wake up the next day and start drinking again like nothing happened.

Now all I do is drink for a wee little 10 hours. The next day I can't breath without my whole body aching. The aging process is a son of a bitch! I guess you could make the argument that i should have just started drinking the next day and the hangover wouldn't have been as bad. But I would think after 4 or 5 days of that someone might confuse me for an alcoholic.

The worst part about the hangover is now I can't think straight while I write this column. The best joke i've come up with is that NBC should cast Brett Farve next season in the Biggest Loser! Seriously that is a really lame joke. That is a Jay Leno quality of joke and i'm better than that. What I think this really means is I have to stop drinking. I can't believe it has come to this but i have to make a decision be Party Marty and drink or don't be Party Marty and write a column that could potentially be funny.

I could try to do the column drunk, but i've seen my writing when i'm drunk usually in the form of texts and I don't think this is the best comedy either:

- Just discovered Kim Possible porn. Life is now complete.
- So chef boyardee smells exactly the same after you throw it up
- Was just practicing flip cup with my NyQuil cup...
- Drawing dicks in the frost on people's windshields is a rare joy I allow myself while walking to work

Hey sorry i haven't responded. i threw up on my phone while i was sleeping.

So clearly it is time for me rethink this whole drinking thing. It might be time to scale back because clearly I can't write hungover or drunk so the only thing left is sober. Good bye Party Marty! i had such a fun run as being that guy but I see no other solution. I'm mean it's not like I can write this thing high. Wait a sec, never tried that before. Hmmmm I wonder what that would be like.

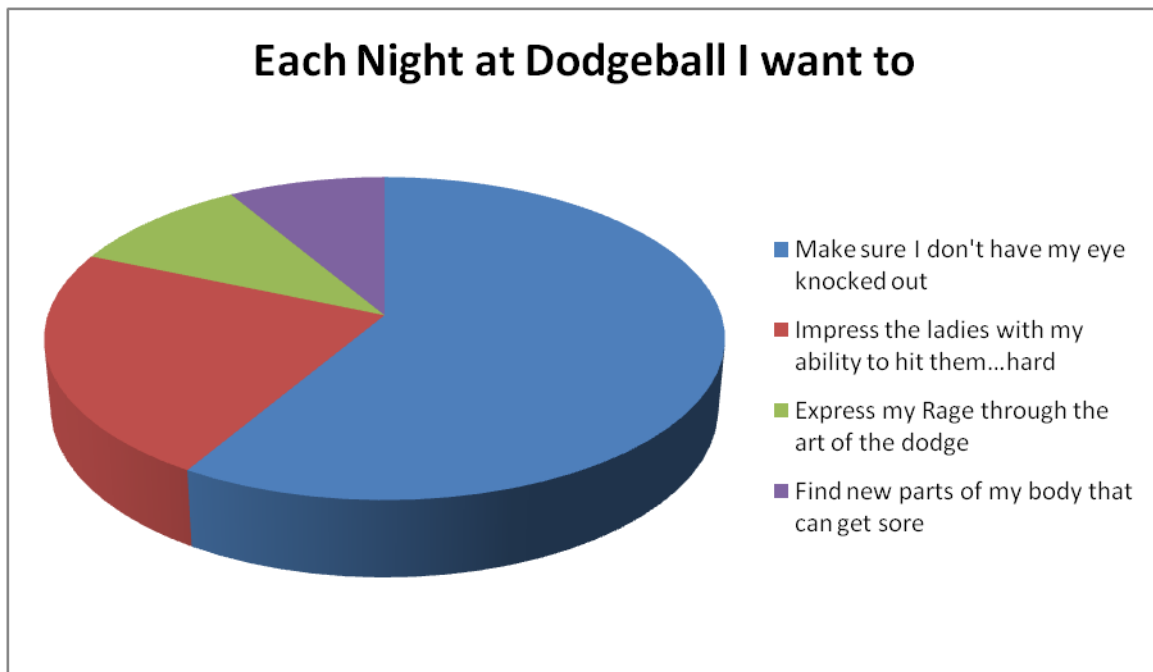

i guess i will see you next week in a new state of mind.

HHKB Fantasy Basketball Advice

Well in the Fall we filled this space with advice on who to start and sit in your weekly fantasy football life as that seems to be the most popular. But, fantasy runs year round, so during the dodgeball season we will give you a weekly primer on how to win your fantasy basketball league and I should know, considering the fact that I came in 3rd once in 2005. So away we go! Oh, and if you use this info to win your league, and do well, then it's clear, I am a genius, if you lose, it's got to be something with you I bet!

Must Start	Must Sit
Charles Barkley – Good lord have you ever seen anyone get away with saying more crazy things?	Dr. J – He'll be performing a cell salvage that day and possibly a massive transfusion, so he should not be counted on.
Josh Childress – That's for all our friends who play Greek league fantasy bball, he's a must start every game.	Brett Favre – Not a basketball player, but you should still not start him.
Derrick Rose – He may not be able to tell you where two trains will meet, but he can dish the rock!	Gilbert Arenas – Kind of has this whole gun thing going on...I would wait four days.
DeMarre Carroll – Always a must start off the bench for Memphis...you can figure out why.	Steve Blake – He's managed to keep it clean in Portland for too long, this week he goes nuts a la Rasheed Wallace.
